- Agenda Review [Keith leads]
- AP Blue Hydrogen Project description [Jeff leads]
- General EPA feedback [All]
- AP Specific inquiries of EPA
  - Comment on application strategy – “Conditional Approval” approach merits & process
  - How can AP best facilitate the most effective review/approval process;
  - Provide realistic expectation of approval process timeline
  - Identify primary contact(s) at EPA
  - Describe anticipated interaction with CARB LCFS Permanence Certification approval process and/or CalGEM
- Next Steps/Open Items [All]
  - Share AP tentative Application timeline (draft application, field studies, etc.)

---

David Albright and I have collaborated to find this time when both US EPA and Air Products project team can meet to allow Air Products to introduce its Northern California “Blue Hydrogen Project” and advance the process to securing approval for installation/operation of a Class VI CO2 injection well.

An agenda will follow shortly but wanted to get this on your calendar ASAP. More to come.

Keith Adams, PE
